---

Full Stack Developer with **4+ years of experience** deepening my expertise in backend.

Experienced in React, Next.js, TypeScript, Python, Tailwind, PostgreSQL, and API integration.

I have developed **20+ full stack web applications and solutions** for diverse clients, including a dental clinic, a Michelin-starred chef, an educational institute, local businesses, the city council...

I thrive in collaborative environments, bring **leadership and communication** skills from my previous role and I'm eager to keep learning and evolving. Fluent in Spanish, Catalan, and English; Professional in German, French, and Italian with **proven ability to learn** languages and technical skills rapidly.

Valuable team asset, ready to contribute and **fully available** for immediate relocation and on-site work.

## TECHNICAL SKILLS

---

- **Frontend:** React, Next.js, Astro, TS/JS, Tailwind CSS, Shadcn/UI, Figma
- **Backend:** Node.js, Supabase, PostgreSQL, REST APIs, GraphQL, Python, AWS
- **Tools:** Git/GitHub, Docker, OpenAI API, Testing (Jest, React Testing Library)
- **Other:** Kanban/Scrum, Responsive Design, UI/UX Best Practices, Python Frameworks

## EXPERIENCE

---

Lemon.io  
Full Stack Developer

Europe  
2020 – Present

- Built responsive webapps for clients: [e-commerce platform](#), [Michelin-starred chef](#), [MMA gym](#), local businesses, and [city council](#). Helping both start-ups and established companies.
- Developed full-stack solutions for an [education academy](#) and public transport website using **React, Python, Next.js, PostgreSQL, API integrations**.
- Created [Recipe Master](#), an **AI-powered app** with real-time features, auth, and nutritional analysis.
- Followed **Scrum / Kanban** (Agile), collaborating with product teams, designers, and stakeholders.
- Led projects **end-to-end** wearing many hats: requirements, dev, testing, deployment.

Dental Barcelo  
Full Stack Developer & Digital Consultant

Spain  
2023 – 2025

- **Led the clinic's digital transformation:** custom website, appointment system, and internal tools; using Next.js, Node, Astro and PostgreSQL.
- Designed and developed inventory and billing apps that optimized operations and **increased profitability by 80%**
- Contributed to rebranding and digital strategy, **doubling patient intake**.
- Acted as **technical lead**, working closely with management and staff to integrate new systems.
